Subject: FW: Updated (10/19/16) - Compilation of Mercedes Responses to MY14-15 GLK250 BTC CARB Questions
Attachments: CARB GLK250 BT Q&A Compilation 161019.pdf

Joel/Dan,

Please see the attached file that contains a compilation of the Q&A that we had with ARB about the GLK250. I have another file that I will send in an additional email as I believe the file sizes are too large to send together. Please let me know if you have any questions.

Also, on behalf of Mercedes I want to make sure that EPA understands that these materials are confidential, and are being submitted to EPA under a request for confidential treatment, and should get the benefit of all applicable FOIA and California Public Records Act disclosure exemptions

With best regards

Subject: Updated (10/19/16) - Compilation of Mercedes Responses to MY14-15 GLK250 BTC CARB Questions

Hello,

It was requested during the July 28 meeting with CARB and EPA that Mercedes provides a compilation of the responses to CARB's MY14-15 GLK250 BTC questions.

Attached, please find the latest update of the compilation file. Updated material from the originally provided August 5 compilation file are highlighted yellow in the overview table on pages 2-8. Please let me know if you have any questions or comments.

On behalf of Mercedes I want to make sure that ARB understands that these materials are confidential, and are being submitted to ARB under a request for confidential treatment, and should get the benefit of all applicable California Public Records Act and FOIA disclosure exemptions.

Best regards,

Gary
